

## Back Packs of Hope

### Vidor, TX

Vidor, TX is a coastal community that was decimated by Hurricane Harvey. All but 3 of their schools were impacted by Hurricane Harvey. Harvey made landfall in Vidor the weekend before school was set to begin. Thousands of kids in the district lost everything, including all the new school supplies they had recently purchased. I along with support of our amazing school district and several local businesses are collecting as many school supplies, including Back Packs, as possible. Your support in this effort is greatly appreciated. 100% of all donations collected will be delivered down to Vidor, TX the week of September 25th. Please contact Richard Chavis should you have any questions with this campaign.
