

How can I help?

Cut and Collect Box Tops and turn into school (i.e. drop them at desk in school office, send them into school with your student, or you can send them directly to me). This program is a very easy way to earn money for our school. We have nearly 500 students at Nitrauer. If every child brought in 20 Box Tops, we would earn \$1,000! **Imagine if every student brought in 20 Box Tops per collection...With 3 collections per year, that's \$3,000 for Nitrauer to utilize.**

Where do I find them?

There are hundreds of products that have Box Tops. Please see back of this page for current product list (you can also view the most current list at boxtops4education.com).

Ask grandparents, friends, neighbors, co-workers, etc. that may not have a school to support to give you their clipped box tops, so you may turn them into Nitrauer. It's amazing how many box tops are to thrown away!

When will Box Tops be collected?

We will have three official collections on Friday **October 19th**, **February 8th** and **May 10th**, but Box Tops may be turned in at any time.
